Professional Summary

Data Scientist with expertise in machine learning and statistical modeling. Experienced in delivering insights from large datasets.

Skills

Python, TensorFlow, Pandas, SQL, Scikit-learn

Education

M.Sc in Data Science - Stanford University (2020)

Experience

Data Scientist at DataWorks (2020-2023)

Project: Developed a churn prediction model with 92% accuracy

Projects

HealthPredict - Machine learning system predicting diseases from medical data

Certificates

TensorFlow Developer Certificate

Achievements

Published 3 research papers in IEEE conferences

Hobbies

Data Visualization, Traveling
